IN THE LOOP

April 2021

Neil Fidler & Howard Brown clear out the bottle caps for the future bottle cap mural. Google search "bottle cap murals" to find out more about this art. Keep adding your plastic caps, however, the artists designing it are asking for caps no larger than a twonie.

The Small Axe supports the ARTS so let us support Sarah & her staff. Enjoy a meal on the balcony or a take-out. Thank you for helping all of us & the best part is you get a great lunch or dinner!
